CTS Cloud Trading Solutions Ltd

Cookies Policy Statement

September 2023

1. Regulatory Framework

CTS Cloud Trading Solutions Ltd, previously registered as Novox Capital Ltd, (the "**Company**") is a Cyprus Investment Firm authorised and regulated by the Cyprus Securities & Exchange Commission (the "**CySEC**"), under License No.: 224/14.

In line with the EU ePrivacy Directive (the "**Cookies Law**"), as well as the General data Protection Regulation (the "**GDPR**"), the Company is required to obtain the user's consent in order to store or retrieve any information and/or personal data on their computer smartphone or tablet. These laws are designed to protect online privacy, by making users aware of how information about them is collected and used online, and give them a choice to allow it or not.

The Company's website www.could-trading.eu uses cookies to improve your user experience.

By accepting and closing the cookie information banner when first visiting the page you consent to our use of cookies.

2. What are Cookies?

Cookies are small files that a website saves on your computer or mobile device when you visit the site. Cookies enable the website to remember your actions and preferences (such as login and other information) over a period of time, so you don't have to keep re-entering them whenever you come back to the site or browse from one page to another.

3. How do we use cookies?

We use cookies as described above - When accepting the cookie consent information when first visiting the page, a cookie is stored so that it does not reappear. When logged into the website, most of the preferences you select in components are stored for later use when you visit the page.

4. How to control cookies

You can control and/or delete cookies as you wish. For more details, please visit aboutcookies.org. You can delete all cookies that are already on your device, and you can set most browsers to prevent them from being placed. However, if you do this, you may have to manually adjust some preferences every time you visit a site, and some services and functionalities may not work.
